

## THE HOPE OF A KINGDOM CITIZEN | LOOKING FORWARD TO THE DAY OF PEACE

### READ: ROMANS 8:18-30

These verses are comparing two things: current sufferings and future glory. Who/what is waiting for the future glory to be revealed and why?

What are believers waiting for?

What part does hope play in this time of waiting?

Why is nature included?

How does the Holy Spirit help the believers in their current sufferings?

What promise is given in verse 28?

List the things God did for those He called to His purposes.

Do you tend to see your current sufferings through the lens of despair or the lens of hope?

How can you live in the hope and promises of these verses when faced with trials or sufferings?

How does this help us in a divided culture?
